Visa Information

If you have questions regarding the visa process, you may contact Brenda Bowman, International Relations Coordinator at b Bowman@fusion.gat.com.

Visa Waiver Country Participants

If you are a citizen from one of the “37” Visa Waiver Countries (indicated below) who wish to visit the United States for less than 90 days, an electronic travel authorization is required. The traveler will obtain an “ESTA” number through the Electronic System for Travel Authorization at: <https://esta.cbp.dhs.gov>. Please be careful and only use this website. There are several unauthorized websites promoting themselves as the place to obtain an ESTA number. Currently, the application process charges \$14 and is paid by credit card at the time of submittal.

When you obtain approval to visit the United States through the Electronic System for Travel Authorization "ESTA", a number will be assigned to you. The approval/ESTA number is valid for two years for any travel that qualifies under the Visa Waiver Program.

The "37" Visa Waiver Program Countries are:

Andorra	Australia	Austria	Belgium	Brunei	Czech Republic

Visa Invitation Participants

If you are not a citizen of one of the “37” Visa Waiver countries, General Atomics and the US/EU/Japan RF Technology Workshop’s Organizing Committee will gladly provide you a visa invitation letter. In order for the visa to be processed in time for you to attend the conference, you should submit the Non-U.S. Citizen Form no later than 25-July-2014. Once the [Non-U.S. Citizen Form](#) (not connected to the Registration form) has been submitted, an invitation letter will be sent to you as quickly as possible. The invitation letter will provide an overview of the visa process as it pertains to your situation. Due to recent changes in the visa application procedure, the processing time for a visa has increased significantly. Currently, the processing time could be as long as eighty days. If you need to apply for the visa outside of your home country, the processing time could extend even longer. **It is highly recommended you apply well in advance of your anticipated departure date.** Unfortunately, prior to applying for a B1/B2 visa, all applicants are required to pay a non-immigrant visa application-processing fee. Currently, this fee is \$160 and is **non-refundable**. Please read the U.S. Embassy website for your country well in advance of your anticipated departure date for exact details of the visa process.
